

WHITE HOUSE DENIES WILSON INCAPACITATED

CATCH THIEVES WITH PROPERTY SUNDAY EVENING

Dixon Police Nab Chicago Crooks—Was Prompt Work

Prompt work on the part of Chief of Police Van Bibber and Officer Clarence Seagren last night resulted in the apprehension of two young Chicago crooks, whose arrest, the local authorities believe, has at least brought a temporary end to criminal activities by two fellows who are well versed in their game. The prisoners, who gave their names as Albert Smith and John Murphy, were this morning arraigned before Justice Grover Gihant and were held to the January grand jury under bonds of \$2,000 each when they waived preliminary examination.

Took Teacher's Suitcase

It was about 11:30 o'clock last evening when Miss Josephine Morrissey and Elmer Long, both of Harmon, drove up to the police station and reported that Miss Morrissey's suitcase, which had been left in Mr. Long's car near the Episcopal church, had been stolen. The young man had brought Miss Morrissey to Dixon to attend the teachers' institute this week, and all of her best wearing apparel, which she had intended using during the week, an Elgin lady's wrist watch and considerable jewelry were in the stolen case.

Acting on the theory that the most convenient place for the thief to examine the contents of the stolen case would be in the darkness at the rear of the church, the Chief and Officer Seagren at once hurried there, taking opposite routes round the building.

Each Captured Man

Suddenly out of the shadows a man darted in front of the Chief and started down Third street. The head of the police at once pulled his gun and ordered the fugitive to stop, or take chances of being perforated. The fellow promptly threw up both hands and stopped, and in a moment Seagren appeared with another captive and the missing suitcase.

While the police were at the station examining the two prisoners and booking them, George Stephan and Paul and John Charters, of Ashton, reported that musette bag, containing many war relics, gathered in France by John Charters, had been stolen from their car as it stood on the street of this city and a few moments later Charles Kurtzrock reported the loss of a plush robe from his car.

Find Many Articles

Suspecting that their two prisoners might have some knowledge of the other stolen property the officers questioned them, but the lads denied any further thefts, and accordingly were locked up after which the police instituted a thorough search in the vicinity of the church.

In the city park they found an overcoat, a blanket, a pair of gloves and other articles of apparel, hidden among the bushes, but none of the things reported stolen by the Ashton young men or by Mr. Kurtzrock were located.

Had Knowledge of Courts

When arraigned before Justice Gehant this morning the young fellows demonstrated a thorough knowledge of court procedure, and their only anxiety appeared to be in the fact that they must wait until January for trial. They appealed to State's Attorney Edwards for immediate trial, evidently thinking that criminal courts sit constantly here as in Chicago, but they willingly suggested waiving preliminary hearing and announced that they could not secure bonds. Accordingly they will be guests of Sheriff Schoenholtz until the first week in January when a grand jury will determine whether they shall be indicted for larceny, which is the charge preferred against them.

Found Loaded Revolver

Later this morning, while searching for further plunder near the Episcopal church, Chief Van Bibber found a loaded .32-calibre revolver in the grass at the spot when Murphy had stopped when covered, and he is of the opinion that the youthful bandit would have used the weapon had he had the opportunity.

WELL-KNOWN FARMER TOOK OWN LIFE

James Wilson, aged 60, a prosperous and well-known farmer who has resided in the vicinity of Freeport nearly all his life, and who had many friends throughout the entire northern part of the state, took his own life Saturday morning at his home in Cedarville, blowing the top of his head off with a double barreled shot gun. Despondency over the ravages of diabetes, with which he had been afflicted for some time, is thought to have caused the deed.

GRAIN DEALERS MEETING

By Associated Press Leased Wire
St. Louis, Oct. 13.—The wheat situation, grain trade, the high cost of living, and government operation of public utilities are among topics scheduled to be discussed by delegates to the twenty-third annual convention of the Grain Dealers' National Association, which opened here today. The convention will continue through Wednesday.

SCHOENHOLTZ IN VAIN CHASE OF ALLEGED THIEF

Stranger in Stutz Car Made Escape—Left Board Bill

Sheriff Schoenholtz chased a supposedly stolen Stutz car from Dixon to Rochelle last night but failed to capture the driver of the car, a stranger giving the name of James Morton, of Clinton, Iowa, who registered at the Dixon Inn Saturday and who remained there until yesterday.

He did not check out when he left the hotel but took one of the state license numbers from the Nash touring car owned by Supt. Watkins of the Brown shoe factory. During his stay in Dixon, the stranger drove the Stutz car about town with Iowa license. After leaving town, he was seen at the Dysart school south of Franklin Grove, changing the number plates. Sheriff Schoenholtz was informed and at once notified his deputy at Franklin Grove, then started after the car. He drove as far as Rochelle but the stranger had not been seen. In leaving Morton also overlooked settling his board bill.

The matter was taken up with police at Clinton, Iowa, and the sheriff is awaiting a reply from that source.

PROF. JAMES, COACH OF D. H. S. FOOT BALL TEAM TO EMPORIA, KAN.

Unexpected Appointment to Local High School Instructor

The Dixon High school football team had no game scheduled for last Saturday and incidentally the team rested up for the game the last of this week with the LaSalle High school at LaSalle. The men are working hard in an effort to win Saturday's contest and are developing several new plays that will be of great assistance to them.

Principal Potter this morning received a long distance telephone call from the football coach at St. Alban's academy at Sycamore, asking for a game with the locals. The schedule is full for the season and the academy asked for a game with the second team. This could not be arranged for next Saturday on account of the school being closed this week for the annual teachers' institute.

Coach James to Emporia.

The football eleven has lost one of its most valuable assistants in the departure of Coach J. H. James. Mr. James who has been foremost in athletics since the opening of the school year, has gone to Emporia, Kas., where he is taking a two-year college course of training. He received notice a few days ago of his appointment by the federal board of vocational education, a position which offers much greater advantages than that offered in the high schools. The appointment came very unexpectedly, he having not applied for the position.

Mr. James position as head of the manual training department has been filled by a very capable man, Harvey P. Stearns, of Clinton, Iowa, who reported for duty this morning. Mr. Stearns comes highly recommended to the Dixon school and will have complete charge of the organization and direction of the high school orchestra, which is to be formed at once.

Coach Vezina will have charge of the athletic department and with the departure of Coach James, has charge of the football team.

Investigate Mystery Of Fatal Train Wreck

By Associated Press Leased Wire
Farmington, Ill., Oct. 13.—With the arrival this morning of Burlington railroad officials from Beardstown, inquiry into the wrecking of a C. B. & Q. passenger train near here Saturday night got under full swing. Officers have only slight clues to the identity of the man or men who removed spikes from a rail and caused the wreck in which two men, J. Faulk, engineer and L. Palmer, fireman, were killed. What the motive could be for wrecking the train, officials have been unable to learn. A reward of \$1,000 has been offered for the arrest and conviction of the wrecker or wreckers.

MEMORIAL FOR ROOSEVELT TO BE AIDED HERE

Organization Meeting At City Hall on Thursday

A meeting of all those people both men and women who during his lifetime loved Theodore Roosevelt, and now that he is dead, desire to honor his memory, is hereby called at the City Hall in Dixon on Thursday, Oct. 16th, at 2 o'clock p. m.

The plan to raise a memorial fund in the name of Theodore Roosevelt is nation wide. An association has been formed and among the names of the trustees are such well-known names as Will H. Hays, Chairman Republican National Committee; Otto H. Kahn, Wm. Loeb, Jr., John Mitchell, Gifford Pinchot, Elihu Root, Wm. Wrigley, Jr., Maj. Gen. Leonard Wood and others. It is planned during the week of Oct. 20th to 27th to raise by volunteer subscription from the friends and admirers of Theodore Roosevelt a sum of money amounting to approximately \$100,000 which will be used to create a memorial of him who has been called America's first citizen. The plan is non-partisan and men and women of all parties are gladly helping and will be welcomed to this meeting. No particular church but all denominations are uniting behind this movement. Gov. Frank O. Lowden has taken the State Chairmanship of the Memorial Association and has pledged that Illinois will do her part.

A very elaborate plan for perfection of an organization which would reach into every home in the nation had been worked out, but unfortunately delays have arisen in unexpected ways. The supplies for Lee County are not here as yet, but assurance was given in a telephone message from Chicago last week that they would surely be here on Monday or Tuesday.

It is very unfortunate indeed that supplies could not have been had before because the time for organization and getting the supplies into the hands of workers is so short that it will be practically impossible to do the best that could have been done had more time been given.

The only possible way for Lee County to take her part and do her duty in this great movement is for every man and woman who loved and admired Theodore Roosevelt to volunteer at once and give every moment of spare time to the work. It is a great and a noble work and we should respond with our utmost.

What is desired particularly at the meeting on Thursday is that a county wide organization can be formed and a local organization in Dixon. It is urged that some one from every township in the county try and be at the meeting in order to take back to his township the supplies and outline of the plan. Don't wait for someone to call you personally. Consider this appeal as a personal call and that it means you. The task is too great for a few. Won't you help and take your part? There is no honor for the living in this but honor to the dead. Although we are handicapped as to time let us all get into this great work and help to place Lee County in her proper place in this Roosevelt Memorial work.

WIDOW OF FORMER MT. CARROLL MAN COMMITTS SUICIDE

Mrs. Montana V. Williams, widow of former Sheriff Wallace F. Williams, of Carroll county, committed suicide at her home near Mt. Carroll Friday by shooting herself in the head with a .32 calibre revolver. She was 54 years old and a native of Jo Daviess county. Mrs. Williams' mind had been failing for a year past. She left a letter, written in a rambling incoherent strain, saying she was about to kill herself as she had nothing to live for. She was the owner of two farms. A son and a daughter survive.

MUSIC COMPANY NOW IN NEW SHOW ROOM

The E. C. Kennedy Music Co. today completed moving its stock into the I. B. Countryman building, the main floor of which the concern has leased, and which will make an admirable show room. There is ample floor space for excellent display of all the instruments, several sound-proof booths, in which numerous phonographs have been demonstrated simultaneously, have been installed and a large repair room, in which all kind of repairing and refinishing will be done, is also provided.

SOME OVERPAYMENT

By Associated Press Leased Wire
Washington, Oct. 13.—Overpayment by the government of \$1,832,500 in the settlement of a \$3,000,000 war contract claim of the Standard Steel Car Co. of Hammond, Ind., for manufacture of gun carriages, was charged before a house war investigating committee by L. J. Blakely, an accountant formerly employed in the army ordnance department.

VIOLENCE BREAKS OUT AMONG STRIKERS OF YOUNGSTOWN DISTRICT

More Chicago Mills Running and Conditions Reported Good

By Associated Press Leased Wire
Youngstown, O., Oct. 13.—Considerable turbulence is reported throughout the valley this morning as the mills are resuming operations in greater volume. Crowds of strikers about each plant stoned strikebreakers and many arrests have been made. At East Youngstown an engine struck a handcar filled with men on their way to work, killing one and seriously injuring two others.

A crowd of strike pickets stoned the automobile occupied by Sheriff Ben Norris and a number of deputies late Sunday night in Poland Avenue, mistaking the sheriff's automobile for a car conveying strikebreakers into the Hazelton plant of the Republic Iron & Steel Co.

Sporadic operations were reported at all the mills this morning. Strike leaders, however, said that the movement had failed as the strikers had stood firm and only a few had reported for work.

By Associated Press Leased Wire
Chicago, Oct. 13.—Three steel plants closed since the strike of steel workers three weeks ago, re-opened today with approximately 50 per cent of a normal working force, according to reports from the police. The plants to re-open were the Wisconsin Steel Co., Interstate Steel Co., and the Federal Furnace Co.

There were no disorders, however. The situation at the plants of the Illinois Steel Co., was unchanged.

Widely varying claims were made today by mill officials and union men at Indiana Harbor, Ind.

The soldiers made two raids last night in Indiana Harbor, and took 20 barrels of liquor at one place.

The strike of the steam and operating engineers called for today at Gary, Ind., was not a success, steel company officials claim.

One thousand newly returned workers are claimed by the American Sheet & Tin Plate Co., while the Indiana Steel Co., officials say that 500 men have returned to work.

A few strikers returned to work in the mills at Waukegan, Ill., today. There was no disorder and deputies have the situation in hand.

SENATE COMMITTEE LEAVES

By Associated Press Leased Wire
Pittsburgh, Oct. 13.—With the senate investigation of the steel workers strike in the Pittsburgh district ended, interest in the walkout centered today in actual strike developments which were few. The senators, after spending three days here during which time they visited steel communities and held hearings, left late last night for Washington.

The committee will meet in the latter city at the call of Chairman Kenyon. The quiet which has marked the strike in this district for the past two weeks continued during the early hours today. Employers representatives maintained that the mills were operating more fully today than at any time since the strike began, while union leaders said the strikers ranks were holding firm.

EXPECT INCREASED OUTPUT.

Chicago, Oct. 13.—Steel mills in the Chicago district made preparations to largely increase their working forces and to open a number of plants closed by the strike 3 weeks ago. In anticipation of this move on the part of the companies, labor leaders distributed several thousand additional pickets in South Chicago, Gary and Indiana Harbor, an order to persuade striking workmen to remain firm.

The largest number of pickets gathered in the vicinity of the plants of the Wisconsin Steel company and the Interstate Steel & Iron company at South Chicago, which had announced their intention of starting mills closed on the first day of the strike.

John Fitzpatrick, chairman of the National committee for organization of steel workers said the situation from the strikers' standpoint looked bright and he did not believe more than 3 per cent of the men in the Gary plant of the United States Steel corporation had returned to work.

Threatens General Strike.

At a mass meeting of strikers in Union Hall at Gary, E. B. Lockwood, one of the speakers said if the steel strike shows signs of failing, a general strike would be called in all industries throughout the country.

Federal agents at Gary with the aid of United States troops, continued today their raids on the homes of radical agitators, many of whom have been taken into custody.

Government Will Act To Avert Coal Strike

By Associated Press Leased Wire
Washington, Oct. 13.—Some official action, either by President Wilson or the cabinet, to avert the threatened strike of soft coal miners November 1st, is to be expected, it was said today at the White House. Officials regard the matter as one requiring governmental action of other efforts to avert a tie-up of the coal mines fall.

MAYNARD STARTS RETURN TRIP TO EAST TOMORROW

Forty Fliers Still Contending In Great Air Derby

BULLETIN.

By Associated Press Leased Wire
Lincoln, Neb., Oct. 13.—Lieut. H. D. Norris of Washington, D. C., and his mechanic H. J. Meyer, of Cleveland, O., participants in the transcontinental airplane race were both slightly injured today when their plane entry No. 57 crashed into a hill when they were attempting to make a landing near Oconto, Neb.

FOUR NEAR TRISCO

By Associated Press Leased Wire
Salt Lake City, Oct. 13.—Four west bound aviators in the transcontinental air race started from control stations in this district for San Francisco early today. They were:
From Salt Lake, Lieut. E. M. Manzelman, No. 39, at 6:16; from Salduro, Lieut. L. S. Webster, No. 15, at 6:43; Capt. J. O. Donaldson, No. 10, at 6:49; and Lieut. Alex Pearson, Jr., No. 8, at 6:48.

Sapt. Harry Drayton left Reno headed for San Francisco early in the day with the indications that he would be the second uier to finish the first half of the transcontinental rap among the west bound contingent.

SMITH REACHES MINEOLA

By Associated Press Leased Wire
Mineola, N. Y., Oct. 13.—Capt. Lowell H. Smith, third east bound aviator to complete the transcontinental flight, arrived here at 10:50:42.

SMITH CLAIMS VICTORY

By Associated Press Leased Wire
Mineola, N. Y., Oct. 13.—According to the record in Capt. Smith's log book he has beaten Lieut. Maynard in the transcontinental race. Capt. Smith's figures show that he flew from San Francisco to Mineola in 24 hours, 30 minutes flying time as against Lieut. Maynard's 24 hours 59 minutes and 48 1/2 seconds, from Mineola to San Francisco. Capt. Smith claim to be victor will have to be officially verified before a decision is made.

AFTER PARSON'S CROWN

By Associated Press Leased Wire
Cleveland, Oct. 13.—Expressing confidence in his ability to beat Lieut. Maynard's time to the Pacific coast in the transcontinental air race, Lieut. L. V. Beau, Jr., No. 36 landed here from Buffalo at 9:4 a. m. and left for Bryan, Ohio 10:29:25. Lieut. Beau claims he was seven minutes ahead of Lieut. Maynard's flying time to Cleveland.

By Associated Press Leased Wire
Mineola, N. Y., Oct. 13.—Refreshed by an over-Sunday rest, 40 of the 62 original starters in the army air service transcontinental race lined up early today at Controls all the way from Mineola to San Francisco to take up the trail completed Saturday by Lieut. B. W. Maynard, Maj. Carl Spatz and Lieut. E. C. Kiel, the three race leaders.

Four fliers, who entered at San Francisco, started the day today with good prospects of reaching Mineola by night while five of the westbound fliers were within a day's flight, barring accidents, of San Francisco.

Those expected at Mineola during the day were Capt. Lowell H. Smith, who spent Sunday at the Rochester, N. Y. Control; Lieut. T. S. Worthington who held over at Cleveland; Lieut. H. E. Queens at Bryan, Ohio, and Major J. C. P. Bartholf at Chicago.

Westbound fliers within striking distance of the goal were Capt. H. C. Drayton at Reno, Nev.; Lieut. L. S. Webster and Captain J. O. Donaldson at Salduro, Utah, and Capt. Harry Smith and Lieut. Earle M. Manzelman at Green River.

Maj. Spatz and Lieut. Kiel, the east-bound fliers who landed here Saturday within 20 seconds of each other after a nip and tuck race across the continent which Maj. Spatz is reported unofficially to have won by the remarkably narrow margin of 31 seconds in a 2701 mile race, were working on their weather-beaten planes today in an effort to get them ready for the return trip within the 96 hour maximum time allowed by the air service between arrival at a terminus control and departure on the return flight. It was said that their machines would require elaborate overhauling and the fitting of new wings, the old wings having been rendered unsafe by the buffeting of wind, rain and snow which they encountered on the flight east.

Reports received here from San Francisco were to the effect that Maynard the "Flying Parson" who finished first, would start the return flight on Tuesday. Maj. Spatz and Lieut. Kiel did not believe they could be ready to start west before Wednesday.

FIRE THREATENED CLERKS.

Washington, Oct. 13.—Firemen today rescued a number of women clerks employed in the forestry bureau after flames had quickly spread in the bureau building on H street, two blocks from the treasury. One woman was overcome by smoke.

IMPORTANT MILITARY ACTIVITIES REPORTED IN VICINITY OF RIGA

Opponents of Bolsheviki Believed Aiming at Petrograd

By Associated Press Leased Wire
Paris, Oct. 13.—Important troops movements are occurring in the direction of Riga, according to a telegram received here from Basel. Estonian troops are said to have left Segewold for Riga, 30 miles distant and Lithuanian reinforcements are reported to be enroute to Libau on board a transport for the purpose of joining Lithuanian forces which have been landed there from British vessels.

SUGGESTS A PARLEY

By Associated Press Leased Wire
Copenhagen, Oct. 13.—Claiming to have checked the attack of Lettish troops who landed at Libau from British vessels and who attacked the left flank of his forces, Col. Avaloff-Bermond, commander of the forces of the "Russian general government" has since taking Riga, invited the Letts and Estonians to confer with him at Mitau. The purpose of this proposed conference is, according to an announcement by Col. Avaloff-Bermond, to "prevent further bloodshed and to bring about joint action against the bolsheviki."

In the meantime the town of Yamburg, about 75 miles southwest of Petrograd has been taken by the Russian northwestern army.

AIMING AT PETROGRAD

By Associated Press Leased Wire
London, Oct. 13.—The capture of Yamburg marks the beginning of the push by troops of the Russian northwestern army under Gen. Yudenitch toward Petrograd, according to a dispatch to the Daily Mail filed on Saturday at Libau. Gen. Glazenapp commanded the captors of the place and is reported to have taken four complete bolsheviki regiments, 2000 other soviet troops and the entire staff of the tenth bolshevik division. Gen. Glazenapp's losses are reported to have been 27 killed and 150 wounded.

Gen. Vladimiroff, who was mainly instrumental in organizing the offensive is quoted by the dispatch as saying that the German-Russian offensive under Col. Avaloff-Bermond came too late to stop the advance of the Russian northwestern army.

The statement attributed to Gen. Vladimiroff in the dispatch to the Mail implies the belief in Riga that Col. Avaloff-Bermond's attack on Riga was a part of a scheme to advance on Petrograd, which is regarded to have been checkmated by Gen. Yudenitch's push northward.

HENRY ANNOUNCES GREAT SHOE SALE

The people of Dixon and vicinity are to have the opportunity this week to make their shoe purchases at a great saving, for Henry Lebowich announces a great compulsory preparation sale, which will start Thursday, to reduce his stock. Mr. Lebowich will soon be forced to vacate the room he now occupies to give way for the enlargement of the City National Bank, which recently purchased the building in which he is situated, mention of which was made in The Telegraph at the time of the purchase. The coming sale, in preparation for which the shoe store will be closed tomorrow and Wednesday will start Thursday. Mr. Lebowich is announcing some of the bargain prices in a full page advertisement in this issue of The Telegraph.

WICHER TRIAL IS CONTINUED TODAY

Owing to the illness of Attorney John E. Erwin, Judge Heard in the Circuit court today continued the case against Clyde Wicher, former caretaker at the county home. Mr. Erwin assisted by Attorney Brewster represented Mr. Wicher in the case. The case has not again been set for any date but will be tried later in the term.

AUTOS COLLIDED AT BRIDGE SUNDAY

Automobiles driven by George Bishop, of Stillman Valley, and Charles Knapp, of Spring Valley, at the intersection of River street and Galena avenue Sunday morning, the mishap resulting in a broken fender on Knapp's Cole machine, and a broken radiator and bent axle on Bishop's Ford. The Stillman Valley man assumed all blame for the accident, paid Knapp \$10 to cover the cost of repairs to his machine, and had his own car towed to a local auto-hospital for treatment.

Soaked Clothing in Oil and Ignited It

By Associated Press Leased Wire
Mannibal, Mo., Oct. 13.—In an effort to commit suicide Mrs. Ralsom McLaughlin, 45 years old, saturated her under clothing with coal oil and set it afire here yesterday morning. She was badly burned but may live. It is believed that her mind was unbalanced from illness.

DENY PRESIDENT IS IN A SERIOUS CONDITION NOW

White House Resents Publication of Grave Rumors

BULLETIN.

By Associated Press Leased Wire
Philadelphia, Pa., Oct. 13.—Dr. Francis X. Dercum of this city today assailed Senator George H. Moses of New Hampshire for his statement that President Wilson had suffered a cerebral lesion and that concentration of mind might re-open the lesion, with fatal results.

"I will not discuss that report," said Dr. Dercum. "It is one of the silly rumors of which there are entirely too many in circulation. It is nonsensical beyond discussion. We cannot listen to the opinions, predictions and guesses of every one who volunteers some expression relative to the President's condition."

"I have my opinion," he continued, "of any one who uses back stairs gossip or porch-climbing methods." Dr. J. Chalmers DaCosta of this city, the surgeon whose sudden trip to Paris was linked with the President's reported illness at the peace conference, made it plain today that he would not comment on the President's condition or his visit to France.

"I will not discuss it in any way," he said. "I know nothing about it. Leave me out of it."

BULLETIN.

By Associated Press Leased Wire
Washington, Oct. 13.—President Wilson's condition remains much the same as for the past several days, and his organs are functioning normally, said a bulletin issued today by his physicians.

By Associated Press Leased Wire
Washington, Oct. 13.—The bulletin follows:
"White House, Oct. 13, 1919, 12:15 p. m."
"The president's condition remains much the same as for the past several days. His temperature, with the exception of one day, pulse and respiration rate, heart action and blood pressure are normal and have so since the onset of his illness. His kidneys are functioning normally."

"Grayson, 'Ruffin, 'Stitt."

The usual weekly meeting of the President's cabinet will be held at the White House tomorrow with Secretary Lansing, of the state department, presiding.

Senators Discuss Illness.

A discussion of whether President Wilson is well enough to properly perform the duties of the presidency developed at an executive session of the senate foreign relations committee today when action was sought on a resolution requesting certain information regarding Chinese-Japanese relations.

A vote on the resolution and several other measures relating to foreign affairs was postponed indefinitely on the objection of Senator Williams, democrat, Mississippi, who was said to have argued that in his present state of health the President should not be called upon for information or action in such matters.

Senator Williams was said by committee members to have made a vigorous protest against sending such a request to the White House in the present circumstances. It was understood the case of President McKinley's illness was cited, the senators objecting, declaring that in that instance the senate refrained as a matter of courtesy from raising points requiring action in foreign relations.

To this some members of the committee were said to have replied that the critical condition of Mr. McKinley was known to every one while the exact situation regarding President Wilson's health now was the subject of wide speculation.

It was said there was no effort formally to raise the question of Mr. Wilson's disability under the constitution. After the bulletin was issued, Dr. Grayson said he and the other physicians attending the President would continue to stand on their bulletins and would not deny rumors as to the President's condition or enter into any discussion concerning them.

Dr. Grayson said that while he would insist the President remain quiet, and not participate in affairs of state, some occasion might arise where he would have to give his consent to the President taking executive action. He added that the President's mind was clear and that he was perfectly capable of forming instant judgment on any matter that might come up.

Dr. Grayson gave assurance that if any material change occurred in the President's condition, the fact would be made known. Nothing would be kept from the public if the President's condition should become suddenly critical, he said.

While indicating that he has every confidence in the President's ultimate recovery, Dr. Grayson feels that he must guard carefully against any possible relapse.

(Continued on Page 3.)

STUDENTS CALL NATION STRIKE

Form Patriotic Society—Close Shops and Banks to Gain Patriotic Demands.

GOVERNMENT ALLOWS POINTS

Miss Harriet Smith, Y. W. C. A. Student Secretary in China, Relates Amazing Story of How 20,000 Students Organized Themselves.

By BERNICE GRISWOLD.

Miss Harriet Smith, for ten years a student secretary of the Young Women's Christian Association in Shanghai, China, relates the amazing story of how 20,000 Chinese students organized themselves to oust the militarists from Government offices in Peking and how they succeeded in becoming the leaders of China.

Fearing that China was not to be protected from the aggression of other nations by the Peace Treaty, as she had expected to be, some 20,000 students, all of them between the ages of twelve and twenty-one years and including 8,000 girls, organized themselves into the Chinese Students' Patriotic Society immediately after the publication of the first draft of the Peace Treaty to fight for Chinese rights.

Their first move was to strike from school or, rather, from lectures, as they remained in their respective schools and spent so many hours daily in private study. They then organized into bands for getting out propaganda literature and for public speaking in the country and small towns and in the tea shops in poorer districts of the cities in order that they might reach the vast numbers of people who could not read.

Immediately upon organizing, the students published their demands, four in number: (1) that the militarists, who as a party were pro-Japanese and practically controlled the Government at Peking, be put out of office; (2) that Shantung be returned to China; (3) that the twenty-one demands made by Japan in 1915 be cancelled; (4) that there be freedom of speech and of the press. They also insisted that the Chinese constitution be finished.

An immense amount of literature was put out, much of it in the new phonetic script which is being launched in China, so that the uneducated classes might learn what was happening. Students lectured everywhere on the demands, stirring the people to patriotism. When many of them were arrested while parading in the streets of Peking they formed an Association of Imprisoned Students within the prison and refused to be released, picketing the stockade themselves when Government guards were taken away, until the Government submitted a proper apology for having imprisoned them in the beginning.

When it became evident that economic pressure was all that would be effective both the bankers' and merchants' guilds were called upon to back the students. "In less than two hours," Miss Smith said, "the shutters were up at every shop in that great city of Shanghai, where telephones are few and communication difficult. Every shop, whether large or small, was closed. The laboring people, feeling as patriotic as the bankers, merchants and students, also joined the general strike. For a week everything was closed—shops, money exchange, fish markets, shipping, everything. The students struggled to keep public utilities running. The telephone service was stopped for a short time, but the students soon had it running again. They held meetings day and night, try-

MISS HARRIET SMITH
Of Chinese Y. W. C. A.

ing to keep the railroad employees at their posts and explaining that it was patriotism for them and for water works and electric light employees to continue to work. At the end of that week the students had won the first point and the militarists were out of power.

When suffering in any form finally comes to China Miss Smith feels that it will be a relief to have more news.

HAVE COLOR IN CHEEKS B Better Looking—Take Olive Tablets

To have a clear, pink skin, bright eyes, no pimples, a feeling of buoyancy like childhood days, you must keep your body free from poisonous wastes. Dr. Edwards' Olive Tablets (a vegetable compound mixed with olive oil) act on the liver and bowels like calomel—yet have no dangerous after effect. Take one nightly and note results. They start the bile and overcome constipation. That's why millions of boxes are sold annually. 10c and 25c.

CHINESE GIRL STUDENTS HAVE ICE CREAM AT MEETING

One of the Chinese girls who has taken an active part in the Students' Patriotic Association dishing up ice cream at a Y. W. C. A. student conference. At these meetings women students from all parts of China come together to discuss problems affecting them and the future of China.

men because of the way women are helping to build things up now. Women students took an active part in all of this bloodless revolution. They had their places on all of the councils. Their part of the work was to translate much of the literature into phonetic script and when a boycott was declared on Japanese goods to begin production of goods in China.

"All of the students threw away their straw hats—purely Japanese products—at the beginning of their movement, and the women students set about making white duck hats, which were called patriotic hats and immediately became very popular. Then they began devoting themselves to the making of parasols and of talcum powder. Some of them paraded but none was arrested.

"China is the last country in the world to fear class feeling and antipathy, which seems to be gripping the rest of the world," Miss Smith says. "In China there is a wonderful social solidarity. People get together, not so much by localities, but by trades and professions. Every one belongs to a guild, and these guilds are wonderfully organized, as the Chinese have a genius for organization. Despite poor lines of communication, lack of railroads and telephones, these guilds hold closely together. Yet their organization has nothing to do with caste.

"With a leadership as highly organized as that of the students a great amount can be done. Leading men of China interpret the student movement as very significant—the forming of a new national party. It is the duty of all Christian organizations in China to give these students, who are now the leaders of the Government, every possible bit of aid and inspiration, as they need more than human help to bring China out of her difficulties successfully. The Y. W. C. A. is doing what it can to help the women students. All of these students have given up their vacations and are working hard throughout the summer."

Miss Smith has seen China change, within ten years, from one of the oldest and most rigid monarchies of the world into a republic. She saw the first republican flags go up and feels that China has accomplished a great deal, fighting all the time as she has, against the great odds of Japanese and European aggression in addition to the old monarchistic party. Given time, China will become one of the great republics of the world, she says.

Miss Smith lives in Richmond, Va., and is home on a year's furlough. She expects to return to China in the spring.

Making Billiard Balls.

Experience has shown in the making of billiard balls that, as it dries, ivory shrinks, so they are turned in the rough and kept in a warm room for a long time—sometimes two years. Then after shrinking they are turned again.

HEARTBURN Caused by Acid-Stomach

That bitter heartburn, belching, food-repeating, indigestion, bloating after eating—all are caused by acid-stomach. But they are only first symptoms—danger signals to warn you of awful troubles if not stopped. Headache, biliousness, rheumatism, sciatica, flat feet, indigestion, lack of energy, dizziness, insomnia, even cancer and ulcers of the intestines and many other ailments are traceable to ACID-STOMACH.

Thousands—yes, millions—of people who ought to be well and strong are mere weaklings because of acid-stomach. They really starve in the midst of plenty because they do not get enough strength and vitality from the food they eat.

Take EATONIC and give your stomach a chance to do its work right. Make it strong, cool, sweet, and comfortable. EATONIC brings quick relief for heartburn, belching, indigestion and other stomach miseries. Improves digestion—helps you get full strength from your food. Thousands say EATONIC is the most wonderful stomach remedy in the world. Brought them relief when everything else failed.

Our best testimonial is what EATONIC will do for you. So get a big box of EATONIC today from your druggist. Use it five days—if you're not pleased, return it and get your money back.

EATONIC
(FOR YOUR ACID-STOMACH)

ORIGIN OF CHRISTMAS CARD

It Is Said to Have Sprung From "School Pieces" of Middle of Nineteenth Century.

The Christmas card is the legitimate descendant of the "school pieces" or "Christmas pieces" which were popular from the beginning to the middle of the nineteenth century. These were sheets of writing paper, sometimes surrounded with those hideous and elaborate pen flourishes forming birds, scrolls, etc., so unattractively dear to the hearts of writing masters, and sometimes beaded with copper plate engravings, plain or colored. These were used by schoolboys at the approach of the holidays for carefully written letters expressing the progress they had made in composition and chirography. Charity boys were large purchasers of these pieces, says one writer, and at Christmas time used to take them around their parish to show and at the same time solicit a trifle.

The Christmas card proper had its tentative origin in 1854. Joseph Cundall, a London artist, claims to have issued the first in that year. It was printed in lithography, colored by hand and was of the usual size of a lady's card.

Not until 1862, however, did the custom obtain any foothold. Then experiments were made with cards of the size of an ordinary carte de visite, inscribed simply "A Merry Christmas" and "A Happy New Year." After that came to be added robins and holly branches, embossed figures and landscapes.

Possible Origin of "Loafer." An old Dutchman in New York had the misfortune to have a shiftless young American fall in love with his daughter. He disapproved of this and used to say to her, "Here comes that 'loafer' of yours, the idle good for nothing." How the "a" got into the word is not known, but an idle man hanging around came to be called a "loafer."

Stars in a Dream. To dream of stars is said to have the following meaning: If the stars were clear, Dame Fortune is going to smile upon you, but if they were obscured and dusky, then the reverse may be the case.

Glass of Hot Water Before Breakfast a Splendid Habit

Open sluices of the system each morning and wash away the poisonous, stagnant matter.

Those of us who are accustomed to feel dull and heavy when we arise, splitting headache, stuffy from a cold, foul tongue, nasty breath, acid stomach, lame back, can, instead, both look and feel as fresh as a daisy always by washing the poisons and toxins from the body with phosphated hot water each morning.

We should drink, before breakfast, a glass of real hot water with a teaspoonful of limestone phosphate in it to flush from the stomach, liver, kidneys and ten yards of bowels the previous day's indigestible waste, sour bile and poisonous toxins; thus cleansing, sweetening and purifying the entire alimentary tract before putting more food into the stomach.

The action of limestone phosphate and hot water on an empty stomach is wonderfully invigorating. It cleans out all the sour fermentations, gases, waste and acidity and gives one a splendid appetite for breakfast and it is said to be but a little while until the roses begin to appear in the cheeks. A quarter pound of limestone phosphate will cost very little at the drug store, but is sufficient to make anyone who is bothered with biliousness, constipation, stomach trouble or rheumatism a real enthusiast on the subject of internal sanitation. Try it and you are assured that you will look better and feel better in every way shortly.

CENTURY OF THOUGHT AIDS WOMEN WORKERS

National Women's Trade Union League Will Present Its Purposes at International Congress at Washington.

The National Women's Trade Union League of America has had nearly one hundred years' preparation for the part which it will play both on the floor and as hostess to the first International Congress of Working Women which is being called by that organization in Washington on October 23.

Women in the United States were first organized to secure better working conditions in 1821. This organization continued to grow until the time of the Civil war, when all labor organizations broke down. Sometime after the war women again organized, and in 1903 the National Women's Trade Union league, as it now operates, became a living thing.

The present organization has a membership of 600,000 women and affiliated membership of over a million, which includes men who are backing the program of the league and are in industries where women are employed. It is affiliated with the American Federation of Labor.

The National Women's Trade Union league tries, through its organization, to teach women to help themselves to get better working conditions. Its purpose is "to protect the women workers of America from inadequate wage and extreme working hours through the organization of the workers, and through such legislation as the minimum wage and the eight-hour day; to increase co-operative action among them; to create a public opinion that really understands the labor movement; to secure definite and accurate information concerning conditions among women and child wage earners leading to legislative action; to supply at all times to all wage earners assistance in working out their industrial difficulties."

Mrs. Raymond Robins is president of the league and chairman of its committee on international relationships, which is in charge of arrangements for the International Congress of Working Women. Miss Mary Anderson, chief of the women's bureau of the United States department of labor, is secretary to this committee.

The congress is being called at the official request of the standing committee on Women's Industrial Organizations of Great Britain and at the informal request of women's labor organizations in France and Italy. Problems and conditions affecting the work of women and children will be discussed and remedies for these ills con-

EAT LESS AND TAKE SALTS FOR KIDNEYS

Take a glass of Salts before breakfast if your Back hurts or Bladder bothers you.

The American men and women must guard constantly against kidney trouble, because we eat too much and all our food is rich. Our blood is filled with uric acid which the kidneys strive to filter out, they weaken from overwork, become sluggish; the eliminative tissues clog and the result is kidney trouble, bladder weakness and a general decline in health.

When your kidneys feel like lumps of lead; your back hurts or the urine is cloudy, full of sediment or you are obliged to seek relief two or three times during the night; if you suffer with sick headache or dizzy, nervous spells, acid stomach, or you have rheumatism when the weather is bad, get from your pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate clogged kidneys; to neutralize the acids in the urine so it no longer is a source of irritation, thus ending bladder disorders.

Jad Salts is inexpensive; cannot injure, makes a delightful effervescent lithia-water beverage, and belongs in every home, because nobody can make a mistake by having a good kidney flushing any time.

GRANDMA USED SAGE TEA TO DARKEN HAIR

She mixed Sulphur with it to Restore Color, Gloss, Youthfulness.

Common garden sage brewed into a heavy tea with sulphur added, will turn gray, streaked and faded hair beautifully dark and lustrant. Just a few applications will prove a revelation if your hair is fading, streaked or gray. Mixing the Sage Tea and Sulphur recipe at home, though, is troublesome. An easier way is to get a bottle of Wyeth's Sage and Sulphur Compound at any drug store all ready for use. This is the old-time recipe improved by the addition of other ingredients.

While wispy, gray, faded hair is not sinful, we all desire to retain our youthful appearance and attractiveness. By darkening your hair with Wyeth's Sage and Sulphur Compound, no one can tell, because it does so naturally, so evenly. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time, by morning all gray hairs have disappeared, and, after another application or two, your hair becomes beautifully dark, glossy, soft and lustrant.

This preparation is a delightful toilet requisite and is not intended for the cure, mitigation or prevention of dis-

sidered so that practical suggestions can be taken back by the delegates to their own countries.

WOMEN POOL PROBLEMS

Meet for First International Industrial Congress in History.

Chief of Women's Bureau, United States Department of Labor, Says Women Must Consider Own Problems.

Washington, Oct. 13.—"The International Congress of Working Women, to be held in Washington on October 23d at the call of the National Women's Trade Union League of America, affords the first opportunity in the history of the world for working women to get together to discuss their common problems and different phases of employment to the end that they may inaugurate higher industrial standards the world over," says Mary Anderson, chief of the Women's Bureau of the United States Department of Labor.

Miss Anderson is secretary to the committee on International Relationships of the Trade Union League and in charge of arrangements for the conference.

Miss Anderson continued to say: "The United States can no longer be isolated as a nation. We have taken our place in the family of nations and stand in danger of either going up or down with the rest of the world in regard to industrial standards. To this end we must never forget that by raising standards of employment for the 12,000,000 women in gainful occupations in the United States, by guarding against child labor and giving proper protection and care to women and babies, we are helping to raise the standards, and that just as soon as we fail to make our standards as high as they should be we will cause suffering and hardship among women and children either in our own country or in some distant, unthought of part of the world."

"The Trade Union principle recognizes the fact that working women shall participate in the conditions governing their employment, that they shall use their own initiative to the end that they may have control over conditions under which they work."

The congress is being called at the official request of the standing committee on Women's Industrial Organizations of Great Britain and at the informal request of women's labor organizations in France and Italy. Problems and conditions affecting the work of women and children will be discussed and remedies for these ills con-

WE OFFER YOU A HOME ON EASY TERMS

You furnish the lot, and some money, and we'll loan you the balance to build a nice bungalow.

Our terms are just like rent, only there's a come-back on every payment. Ask anybody who has been there—he knows.

We also furnish from one-half to two-thirds of the necessary funds to buy homes already built.

Come in and talk it over with the Secretary.

They all agree that because of this women must have their own part in the organizations that consider the conditions of women's work, whether these be local, national or international.

Thirty-four countries have been asked to send women delegates from accredited labor organizations to attend the Congress. Each country will have ten votes on the floor of the Congress, and is entitled to ten delegates.

Good Word for Pussy.

Brave Little Bob has received many injunctions to be "manly," the word being used to mean to go about his business bravely and quietly and in a self-respecting manner. The other day Bob's pet cat was suspected of some weakening misdemeanor and Bob rose to the rescue in a hurry. "I'm sure she never did it, mamma," he exclaimed indignantly. "She'd never think of acting in such a manner. She is a very manly cat."

Too High to Lend.

Our neighbor, who has a great habit of borrowing, came over one afternoon to borrow some baking powder and I told her I had none. In the course of conversation she mentioned the high price of baking powders, when my brother spoke up: "Look on the grocery bill and see how much they charged me for the can I got this morning."—Exchange.

History Repeats Itself.

Briggs and Fowler were talking of the great wars fought in the days when the world was considerably younger. "You know," said Briggs "it always seems to me that those old warriors were very much like our modern financiers." "What do you mean?" asked Fowler. "Well they were always investing some one else's capital, weren't they?"

WARNER FAMILY PICNIC

The Warner family of this vicinity united in a picnic yesterday at one of the Lehman cottages at White Rock in honor of Mr. and Mrs. Buckwalter, of Britt, Iowa, who are here visiting relatives. A delicious scramble dinner was served at noon, the menu consisting of sweet potatoes, fried chicken, salads, pickles, sandwiches, coffee, ice cream, assorted cake, pies and fruit. Those in attendance were Mr. and Mrs. David Buckwalter, of Britt, Iowa, Mrs. Anna Hartzell and daughter, Georgiana, of Gettysburg, Pa., Mr. and Mrs. D. N. Warner, of Nachusa, Mr. and Mrs. Herbert Warner and family, of Dixon, Mr. and Mrs. Frank and family, of Dixon, Mr. and Mrs. Louis Welter, of Nachusa, Mr. and Mrs. Charles Herlihy and son, William, of Franklin Grove, Mr. and Mrs. George Nell and brother, Joseph, of Nachusa, Mrs. Mary Herlihy, of Chicago, and Mrs. Ella Willard, of Dixon, forty in all.

THURSDAY READING CIRCLE

The Thursday Reading Circle held a very delightful meeting at the home of Mrs. Richard Cortright on Thursday, Oct. 9th. A Scotch program was given with Mrs. Ackert giving an interesting and instructive paper, descriptive of Scotland. Mrs. Robert Anderson read an article, entitled "A Doctor of the Old School." A Scotch poem, "My Mother," was read in the Scotch dialect by Mrs. Parks and Mrs. Sterling read a poem, "Reminiscences of An Old Song," which was original with her and was written in the Scotch dialect. Fall flowers prettily decorated the rooms. A tray luncheon was served. Guests outside of the club membership included Mrs. Johnson, Mrs. Baum, of Dixon, and Mrs. Earl Harden, of Humboldt, S. D., who is here visiting her parents, Mr. and Mrs. George Shaver.

FOR BIRTHDAY

Mrs. William Rose entertained at her home on First avenue Thursday evening in honor of her husband's birthday. Those present were Mr. and Mrs. David Emmert and sons, Harry and Edward, Mrs. Grace Smith and daughters, Ruth, Mahlo, and Ella, Mrs. Katherine Thomsen and daughter, Bernice, and Mr. and Mrs. Roy Clingman. The table was very pretty in pink and white, with pink roses and ferns as the flowers used. The birthday cake with the date written upon it marked Mr. Rose's place. Refreshments were in keeping with the color scheme. Mr. Rose received a number of handsome gifts.

"STUNT NITE"

"Stunt Nite"—that sounds as if somebody, or rather a whole crowd, was in for a good time. Those somebodies are the members of the church and congregation of the Presbyterian church, who are to be guests of the Sunday school on the evening of Oct. 16th, which has been officially and unofficially declared "Stunt Nite." Each class is to present a stunt, entirely unknown to the other classes and a jolly, good time is in the making.

TO ATTEND INSTITUTE

Miss Genevieve Lally, principal of the West Brooklyn school, is here to visit her parents and will spend the coming week attending the Lee County Institute.

TO CLINTON, IOWA

Mr. and Mrs. A. P. Armstrong and daughter, Miss Clara, and Mrs. Edward Zoeller motored to Clinton, Iowa, Saturday.

PARTY TO SUPPER

Among the many Dixon people attending the supper at St. James Friday evening was a party composed of the Misses Imo Shelhamer, Ada Lohr, Frieda Johnson, Olive Hanes, Martha and Alice Meppin, Nina Tennant, and Irma Thompson. Mesdames Lee Hefley, Addie Hills, Harvey Senneff, Buelah Platten, Grace Mason, and L. L. Edson and Bert Green.

WERE SUNDAY GUESTS

Mr. and Mrs. William Baker and family, of Coleta, Ill., Mr. and Mrs. Jonathan Rutt, of Sterling, Mr. and Mrs. Leslie Heston and son, Frank, of Lee Center, and Mrs. Roy Heilrich and son, Elwin, and daughter, Alice, and Charles Heilrich and daughter, Dorothy, and sons, William, and LeRoy, of this city, were entertained at the Frank Fisher home on Sunday.

MOTORED TO FREEPORT

Mr. and Mrs. William Gerdes and family, Mr. and Mrs. Clinton Ringler and daughter, Ione, motored to Freeport Sunday. Upon their return they were entertained at the Ira Rutt home in Palmyra.

WERE AT SUPPER

The Misses Henrietta and Clara Buchman, Gertrude Witzleb, Henrietta Schroeder, and Iva and Evelyn Mensch joined a party to attend the St. James supper Friday evening.

STANDARD BEARERS

The Standard Bearers of the Methodist church will hold a meeting tomorrow afternoon at 2:30 o'clock at the home of Mrs. E. E. Wingert, 608 North Dixon avenue.

GUESTS OF MISS BEALE

Mrs. W. Q. Fitch, of Lafayette, Ind., and Miss Martha Morris, of Sisseton, S. D., are guests of Miss Catherine Beale at the home of Mr. and Mrs. George Beale.

GUESTS FROM ROCKFORD

Mr. and Mrs. Frank Frye and sons, Charles and Darrell, and John Frye motored here from Rockford, Sunday, and spent the day as guests of Mrs. Catherine Frye.

SUNDAY IN DIXON

R. L. Burchell, and Mrs. Shoecraft and son, of Erie, spent Sunday with Mrs. Burchell's daughter, Mrs. George A. Shaw.

GUESTS FROM GETTYSBURG

Mrs. Anna Hartzell and daughter, Georgiana, of Gettysburg, Pa., are guests at the home of Mr. and Mrs. Frank Beale, of Palmyra.

FOR WEEK-END VISIT

Miss Carolyn Moeller, of Chicago, came Saturday evening for a week-end visit at the home of her mother, Mrs. Theodore Moeller.

FROM STERLING

Mrs. Paul Rizzard, of Sterling, is spending several days in Dixon with her parents, Mr. and Mrs. W. S. Leslie.

TO DEKALB

Arthur Heley joined his wife, now a guest of her sister, Miss Tadd, of DeKalb, in an over Sunday visit.

SUNDAY IN FREEPORT

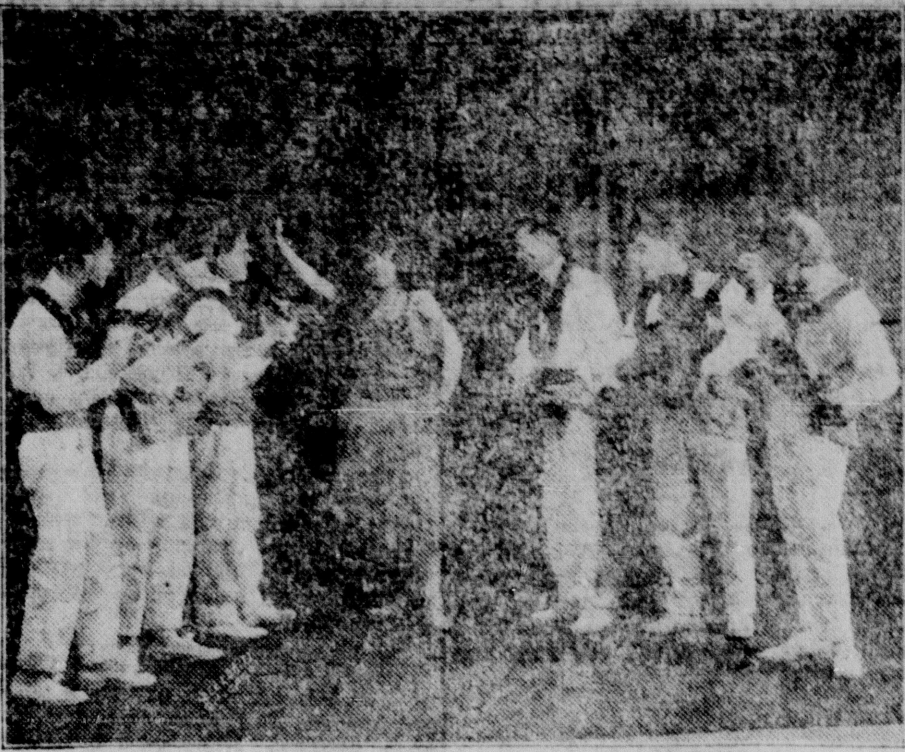

Mrs. M. J. McGowan went to Freeport Saturday to spend Sunday with her sister, Mrs. Gregory.

ENTERTAINED IN ROCHELLE

Mrs. A. W. Lord spent several days last week as a guest at the Dr. Crowell home in Rochelle.

LUNCHEON GUESTS

Mr. and Mrs. McAlpine entertained guests at luncheon on Sunday evening.

Phineess Mooni and Troupe of Hawaiian Serenaders in "A Honolulu Honeymoon," at the opera house Friday night, October 17th.

FROM NOTRE DAME U.

Leander Hess, student in Notre Dame University, was home for an over Sunday visit.

IN NACHUSA HOME

Mr. and Mrs. David Buckwalter, of Britt, Ia., are guests at the home of Mr. and Mrs. D. N. Warner, of Nachusa.

GUESTS FROM STERLING

Mr. and Mrs. Lee Cook, of Sterling, were entertained at the W. H. Randall home in this city Sunday.

SUNDAY GUESTS

Mr. and Mrs. F. A. Johnson spent Sunday at the O. L. Clingan home.

SUNDAY DINNER GUESTS

Mr. and Mrs. Lampin, Mrs. Ayres, Mrs. Charles Parks and Corporal Clarence C. Parks, Polo, and Mrs. Eastwood, of Dixon, were entertained at dinner Sunday at the home of Mr. and Mrs. C. E. Brown.

RETURNED TO INDIANA

Isiah Price an son, of Bourbon, Ind., who have been visiting at the home of Mr. and Mrs. Wm. May, returned to their home this morning. Mr. Price is a brother of Mrs. May.

LAF-A-LOT CLUB

A meeting of the Lafa-Lot club will be held on Thursday at the home of Mrs. Paul Miller.

TO SPEND SUNDAY

Harold Rowland spent Sunday with his parents, Mr. and Mrs. A. A. Rowland, returning this morning to Champaign, where he is attending the University of Illinois.

VISITED RELATIVES

Daniel Osbaugh returned to his home in Altona, Pa., last night, after a visit here with his brother, D. W. Osbaugh, and his sister, Mrs. Ida Bevey.

ROOSEVELT MEMORIAL

All women interested in the Roosevelt memorial are asked to attend a meeting Thursday at 2 p. m. at the city hall.

FOR FIFTH BIRTHDAY

Mr. and Mrs. John Follows entertained today with a birthday luncheon in honor of their little daughter, Leola's fifth birthday. The guests were a dozen or more of her little friends from the kindergarten. The decorations were in pink and white and were especially attractive. Games and music and everything enjoyed by little tots delighted them during the afternoon.

WILSON IS "PROPHET"

By Associated Press. *United Wire*. New York, Oct. 13.—President Wilson has been proclaimed a "prophet" by Mohammedans in Egypt according to information received here by the Inter-Church World Movement from Mark S. Roy who has been a missionary of the United Presbyterian Church in Alexandria province.

DIXON KNIGHTS HAD GREAT CELEBRATION AT FREEPORT SUNDAY

The more than a hundred Dixon Knights of Columbus who spent Sunday at the Landing Day celebration in Freeport report one of the best meetings of the kind ever held in this part of the state. Several thousand members of the order from northern Illinois participated in the festivities, which included a parade, pageant, degree work and banquet. The Dixon Knights were accompanied by the Dixon Municipal band, and were joined in the procession by the Sterling, LaSalle, Mendota and Amboy delegations, which went to Freeport on the special train over the Illinois Central. The returning train reached Dixon at 1 o'clock this morning, and the Sterling Knights boarded a special interurban car at the North Dixon station, the car awaiting them when the train arrived.

SAILOR FINED FOR BEATING HIS SISTER

William Kingery, of the Great Lakes Naval Training Station, who is home on a furlough, was fined \$10 and costs by Justice George W. Hill yesterday afternoon for assault and battery on his sister at their home, 920 Fourth street. According to the police Kingery had beaten the girl, aged fifteen or sixteen, so badly that a physician's attention was required. When the police answered the call, sent in by neighbors, they found a crowd, which threatened the young sailor with violence, gathering on the street near the Kingery home.

WANTED—Man to pick corn. Telephone 64111.

WANTED—Dishwasher at the Manhattan restaurant.

SANDRA THE JEALOUS

By JANE PHELPS

EVERETT HAS A TALK WITH SANDRA

CHAPTER XXVII

I was not permanently injured all the some of the burns had been painful. Fortunately the flames had not had time to reach my face before Mrs. Gray smothered them in the rug. Often I have shuddered at the thought that but for her quickness, her presence of mind, my curiosity would have caused my death—a horrible one.

Everett was very tender, very loving, yet unusually serious in the days that followed my accident. Not once had he mentioned the attic, or how I received the burns, until I was able to get around again, and the pain had ceased. But then he said:

"Now, Sandra, I want to know just why you thought it necessary to read letters not intended for your eyes. I know because of finding them beside the trunk that that was your errand to the attic."

"I wanted to see if I could find out something about her," I replied lamely.

"Why?"

"Because you loved her so much—and do yet!" I burst out weeping. I had held the thought in my heart so long, had grieved over my failure to win my husband—as I thought Leola had won him—that once I gave the thought expression, I poured out my very heart to him in a storm of words which fairly tumbled over each other.

"Poor Sandra! why didn't you tell me all this long ago?"

"Because—because—I couldn't." I stammered between sobs. "I—I thought—soon you would—her better than you do me. Everybody—said so."

"You mean people told you such a thing?" sternly.

"Well—not exactly. But ever so many have told me—or said it so I heard—that you loved her so you never interfered with her—and let her do just as she wanted to—and—everything!" I knew my reply was almost foolishly childish, but I was so sure Everett was going to be cross with me I couldn't collect my thoughts at all. "You let her go places—and have company—and sit up and go out with you"—I went on babbling things worse.

"Poor little girl! Has it been so terrible?" I'm sorry Sandra—my only wish was to make our home one of happiness not of disension. I thought after my explanation when we were first married that you would be reasonable. But I counted without considering how very young you were and I left gossip out altogether."

"And you wouldn't let me take down her picture, and—"

"No, Sandra, that would have been very childish. Leola never harmed you. She had been gone long before I met you. That is a very lovely picture of her; most of my friends were her

friends also. I would cause much comment if I had allowed you to be foolish enough to remove her picture." He waited a moment; then, as I made no reply, he asked:

"Was that the first time you had been in the attic?"

"No." Then once more I made full confession. I told of finding Leola's lovely clothes packed away, of my failure to open the black trunk, of finding the keys in his chiffonier drawer, and then I stopped suddenly, as I remembered the letters I had taken and the two I had read.

"What else? Tell me all now, Sandra."

"I took some letters—once before—they are in my room."

"You read them?"

"Only two—they made me feel so badly I couldn't read any more."

"Bring them to me."

"I went upstairs to my room and got the letters. I had now no thought or wish to read more of them. My terrible accident in which I not only might have been burned to death, but might also have destroyed our home, had effectively quenched all curiosity I might have—at least for the time."

"They said you only married me because I was young and you wanted a family—that you had no love to give me because it was all given to Leola, and—"

"You have believed that—all of it?" he was very serious, but I was so excited I really did not mind, so I replied honestly:

"Yes, Everett, and I made up my mind we wouldn't have any family—or anything."

counties: Per year, \$5.00; six months,
\$2.75; three months, \$1.75; one month,
60c; all payable strictly in advance.

BETTER SIRS, BETTER STOCK.

On October 1 the department of ag-
riculture, in cooperation with state ag-
ricultural colleges and other agencies,
began a drive to foster interest in "Bet-
ter Sires, Better Stock."

A certificate is to be designed and
presented to every owner of farm ani-
mals of any type who uses only pure-
bred sires. It makes no difference
whether the owner be a man or wo-
man, or whether he or she possesses
only one animal of the classes of do-
mestic stock specified. It is believed
that in this way a competitive spirit
may be aroused among the farmers of
the country, with the result that poor
and scrub stock will gradually disap-
pear.

The tendency to include the small
farmer and stock breeder in these
movements is an excellent thing. It is
human nature to feel that if one's pos-
sessions are small it makes little differ-
ence whether they are operated along
the best lines. The result is that there
is much inefficiency in small-scale
farming and breeding, and much unne-
cessary labor with unsatisfactory re-
sults.

It is straight to the financial advan-
tage of any owner of animals that they
shall be of the best type procurable for
the purpose for which they are kept.
The original outlay may be greater, but
so will be the ultimate returns, and in
greatly increased proportions.

GROWING BETTER EVIDENCE.

There are, we suppose, several Amer-
ican municipalities which still classify
as "corrupt and contented." What is
certain is that there are fewer of them,
that they are far more lonesome, than
in days not far gone. The average
American city government is cleaner,
more industrious, more interested in
its duties, more gifted of vision, more
responsive to decent public opinion,
than it was fifteen or twenty years ago.

We recall a man who, when elected
to a city trusteeship, announced that
he was going to take a rest. He had
earned ome by hard work—he said—
and he would like to see the color of the
eyes of the gent who would deny him
the right to leisure. This officer was
a type, and his species was legion. You
would not find much idleness in a mu-
nicipal office now—at worst there is a
make-believe of working. The plain,
everyday variety of loafing is a thing
which, some way, somehow, has gone
out of fashion.

The tangible betterment of the cities
warrants faith in the progressive bet-
terment of political officeholding ev-
erywhere—in county, state and na-
tional government as well as in the
roaring centers of population.

One paragrapher says, "Well, we've
seen King Albert. Now we'd like to
see Pat Moran."

Lenine has been trying to abolish
capital, and probably has succeeded,
but he also has abolished things to eat.

It is easy to get acquainted in a
small town, and also hard to hide your
meanness.

Finding that he had to be a king,
Albert of Belgium made the best of the
situation.

Lord, help us to realize which side
of our bread is buttered, if either.

Profiteering in rents, food, etc., is
more genteel than burglary.

BY MAIL.

Subscribers receiving the Telegraph
by mail are asked to look at the little
yellow tax on their paper. On the date
of expiration the paper will be discen-
tined.

30 YEARS AGO IN
DIXON TELEGRAPH

Richard Bovey, little son of Mr. and
Mrs. Elias Bovey, was reported very ill
with scarlet fever.

Howard Johnson, then a Palmyra
farmer, sold a team of horses weighing
3200 pounds, for \$400.

Theron Cummins, Mrs. Paine and
Mrs. Rodgers suffered minor injuries in
a runaway accident.

Mrs. Flala has returned from a visit
in Chicago.

Miss Elizabeth Blackburn has been
ill.

Mrs. Perkins and daughter and Miss
Estella Long were in Dixon Saturday
from Harmon.

Mr. and Mrs. C. C. Hintz spent Sat-
urday and today in Chicago.

Mrs. Durston and daughter, Miss
Ruth, and Miss Naomi Sanders, of
Ashton, were Dixon shoppers Saturday.

Dick Phillips, of Nelson, was here
Saturday.

Miss Clara Sonderegger, who has
been conducting the Delinquent demon-
stration at the O. H. Brown store,
left Saturday evening for Sterling.

Miss Jennie Harvey, who has been ill
with the influenza, is recovering.

Leo Blass, of Morrison, spent over
Sunday in Dixon.

Homer Semmelf and J. U. Weyant
went to Chicago this morning to trans-
act business.

Judge E. S. Farrand and Court Re-
porter A. C. Gossman returned to Ore-
gon this morning where the judge is
presiding at this term of the circuit
court.

A. J. Lockett was an early morning
passenger to Chicago this morning on
business.

Mr. and Mrs. L. D. Lightner and
daughter went to LaSalle yesterday
morning where they will make their fu-
ture home.

—Farmers have your catalogues
printed at the Evening Telegraph of-
fice.

Have your sale bills printed by the B.
F. Shaw Ptg. Co., Dixon, Ill.

O. H. Martin was a passenger to Chi-
cago this morning.

Mr. and Mrs. Arthur Morris and Mrs.
Scott Morris and daughter Lucille were
Dixon shoppers Saturday.

We do job printing—letter heads,
note heads, bill heads, B. F. Shaw Ptg.
Co.

Mrs. John Kelly has returned to her
home in Dixon after a six weeks' visit
with her sister, Mrs. W. H. Scott of Im-
perial, Sask., Canada.

Olaf T. Gylbeck of the service depart-
ment of the Challenge Machinery Co.
of Grand Haven, Mich., formerly of this
city, stopped over here Saturday after-
noon for a short visit on route to Den-
ver on business for his firm.

Mrs. Will Cahill went to Chicago this
morning for a short visit.

Henry Kenneth was a passenger to
Chicago this morning.

Mrs. Eleanor Curtin went to the city
this morning to spend the day on busi-
ness.

Mr. and Mrs. Lester Campbell have
gone to Chicago to visit friends for a
few days.

Leander Hess returned to Notre
Dame this morning to resume his stud-
ies after a visit with his mother, Mrs.
R. R. Hess, who accompanied him as
far as Chicago to transact business.

Mr. and Mrs. George Bymaster of
near Oregon, Mr. and Mrs. Fred Drew
of Franklin Grove and Mr. and Mrs.
Adolph Bursing of Byron motored to
Rockville Thursday to attend the home-
coming, and after supper they came to
Dixon to attend the show at the Family
theater.

Miss Julia Clymer, of Chicago, visited
at the home of her parents, Mr. and
Mrs. Owen Clymer yesterday.

Patrick Coffey and daughter, Mrs.
Lou Tournay, of Dubuque, visited at
the home of Fire Chief Thomas Cobey
yesterday.

We print sale bills. The Telegraph,
Dixon, Ill.

W. B. Brinton is home from New
York.

R. A. Rolensch and E. L. Kling and
families motored to Rockford Sunday
for a short visit.

George C. Loveland sold to John
Wells, the King home on East Third
St., Consideration, \$4,000. 24011

TWO AIR RACERS
OFF THEIR ROUTE

Two of the transcontinental air rac-
ers, who are believed to have lost the
marked route out of Chicago to Rock
Island, followed the Northwestern
tracks from Chicago to a point west of
Sterling early Saturday afternoon and
were seen by many people along that
railroad. The planes, the largest ever
seen in this vicinity, travelled very
high and with tremendous speed, pass-
ing out of the sight of observers within
two or three minutes after they first
came into view.

Serious Strike At
Arsenal at Brest

By Associated Press Leased Wire

Brest, Oct. 13.—The situation here
created by the strikes of the arsenal
employees, which increased in gravity
yesterday and took a decided revolu-
tionary turn, remained serious today.

A strong force of troops, however, was
guarding all the gates of the arsenal
this morning, enabling the non-strikers
among the workmen to enter the works
in larger numbers.

NEW STATE LAWS
MAKE CHANGES IN
PUBLICATION RATE

The last legislature passed two im-
portant laws regarding legal publica-
tions in newspapers. One of them fixed
the price of ten cents per line as the
legal rate in Illinois for every advertise-
ment that requires publication. Hereto-
fore the price charged has been 19
cents per line for the first insertion and
5 cents per line for each additional in-
sertion. The price for all legal adver-
tising in all daily and weekly newspa-
pers in the smaller cities will be hereaf-
ter ten cents per line for each insertion.

Another law compels all treasurers
of school districts, either city or coun-
ty, all city and village treasurers, all
treasurers of road funds, supervisors
and township treasurers as well as
treasurers of drainage accounts, road
accounts and every other account
where officials receive and pay out pub-
lic money, to print in their local news-
paper an annual statement giving in
detail the amount of money received
and to whom paid and for what paid.

The idea of the legislature appeared
to be that men receiving and expend-
ing any kind of public funds must re-
port their receipts and expenditures in
detail to the public thru the local news-
paper.

Both laws are now in effect.

GOMPERS URGES AID
FOR STARVING FOLK
IN WAR-RIDDEN LAND

New York, Oct. 13.—In the opinion
of Samuel Gompers, head of the Amer-
ican Federation of Labor, who recently
made a careful study of conditions
abroad, the sending of relief from this
country to the war-stricken in Europe
will help to say the menace of Bolshe-
vism and to restore prosperity to all
the nations.

The American Jewish Relief commit-
tee was authorized today by Mr. Gompers
to make public a statement from him
in which he approved the commit-
tee's work and pointed especially to Po-
land as logically the next country to
fall before the Bolsheviks unless the
hungry there are fed. The statement
reads:

"The American Jewish Relief com-
mittee is co-operating in raising a fund
of \$35,000,000 for the purpose of suc-
ceeding the starving people of the near
east, particularly those in Poland.

"This is a huge sum of money, even
in these days, but when it is to be ex-
ended for the saving of whole nations,
the sum seems pitifully inadequate.

The American Jewish Relief com-
mittee has set itself a tremendous task
and as is typical of the work of this
people of our country, their aid is ex-
tended to the sufferers regardless of
race, sex or creed.

"It hardly seems necessary to stress
the need for raising this relief money
in the shortest possible time but, as
one who has been given an insight in-
to the terrible conditions existing on
the other side, I wish to say that this
money will go far toward restoring the
normal conditions of life in Poland,
which means not only that these peo-
ple will be made self-supporting, but
that it will help towards the general
prosperity of the entire world.

"It will help to stay the menace of
Bolshevism as Poland is the bulwark
against Russian Bolshevism on the east
and in the natural course of events,
would be next to fall. We know that
Bolshevism lives on discontented, hun-
gry people. Where is food and plenty
this horror cannot live.

"Help the American Jewish Relief
committee feed the hungry hordes of
Poland and the near east."

Illinois will do its share in helping
to stay the Bolshevik movement by
contributing \$1,500,000 to the American
Jewish Relief campaign fund of \$35,-
000,000 in the drive which is to be held
October 26, November 1.

PAINTERS AT WORK
ON CITY BUILDING

Painters this morning started work
on the city hall, making some very no-
ticeable changes. The exterior trim-
mings on the building are to be repain-
ted, the roof is to be repaired to close
several leaky places and probably some
of the interior of the building will be
redecorated.

TO ATTEND CONVENTION

William J. Cahill will go to Chicago
this evening to attend the state Elec-
trical Contractors' convention and the
electric show at the Coliseum.

HINES SAYS STRIKERS
WITHOUT ORDERS ARE
DETRIMENT TO UNIONDirector General Scores
Men in Altoona Yards
Strike

By Associated Press Leased Wire
Washington, Oct. 13.—The railroad
administration was notified today that
the striking railroad shopmen at Al-
toona, Pa., would return to work at 3
p. m. today. The strike was local and
unauthorized by the union.

By Associated Press Leased Wire
Washington, Oct. 13.—Strikes of rail
employees such as that in the Altoona,
Pa., yards of the Pennsylvania railroad,
were declared today by Director Gen-
eral Hines as "creating the basis for
the argument that it is nonsense to deal
with labor organization because they
will not obey their own rulers and
therefore make the orderly handling of
business impossible."

The statement by the Director Gen-
eral was made in a letter to E. M. Jewell,
acting president of the railway employ-
ees department of the American Federa-
tion of Labor, in regard to the Altoona
strike. Mr. Hines reiterated that the
railroad administration's policy was
that no grievance of railroad employees
could be considered while the workers
involved remained on strike.

Emphasizing the seriousness of every
stoppage of work at the present time
when "the railroad administration is
straining every nerve to serve the peo-
ple of this country and the people of
Europe," Mr. Hines requested that his
warning message be transmitted to the
striking men unauthorized strike, he
declared, was injuring the cause of or-
ganized labor as well as the general
public.

American Condensed
Milk Reaches Germany

By Associated Press Leased Wire

Berlin, Sunday, Oct. 12.—The first
delivery of American condensed milk
has reached and will be distributed in
accordance with directions from the
donors to the systematic "milk cures"
for underfed school children.

This relief body also has received
funds from New York to send 1,000
tubercular children to Switzerland. Other
relief contributions have come from
San Francisco, Milwaukee, Rochester,
Cleveland, Philadelphia, Chicago, Bal-
timore, St. Louis, Omaha, Portland and
Seattle.

Drivers' Strike
Cripples New York

New York, Oct. 13.—New York's lat-
est strike—that of 11,000 members of
the International Brotherhood of
Teamsters, Chauffeurs and Helpers—
tied up the principal railroad terminals
of the Greater City today.

LOOK NOW

At the little yellow tag on your Tel-
egraph.

NEW YORK.—Col. E. M. House, per-
sonal adviser to President Wilson at the
peace conference, arrived Sunday, suf-
fering from a slight attack of grip.

POISONED GIRLS
WILL GET WELL,
DOCTORS THINK

By Associated Press Leased Wire

Chicago, Oct. 13.—Recovery of Edna
Lukart, aged 5, and her 7-year-old sister
Shirley, who are suffering from the
effects of a slow poison, administered
by their mother at Royal Oaks, Mich.,
two weeks ago, was virtually assured
today, according to Dr. Thomas A. Car-
ter.

The physician's latest bulletin said:
"Edna is responding exceptionally
well to treatment and will be well with-
in a few days. Shirley shows marked
improvement. She is very weak, but
unless internal hemorrhages occur, she
will recover."

By Associated Press Leased Wire
BERLIN.—No ships are being permit-
ted to leave Kiel, according to the Vos-
ische Zeitung. News of a blockade of
the Baltic Sea has created a sensation
in Danzig.

LEGAL PUBLICATION.

COMPULSORY

SALE STARTS

Thursday, October 16, 9:00 A. M.

PREPARATION SALE

A SALE WITH
A REASON

THE CITY NATIONAL BANK PURCHASED THE BUILDING I NOW OCCUPY IN THE RETAIL SHOE BUSINESS. MY LEASE IS UNRENEWABLE. I AM FORCED TO VACATE THE BUILDING AT THE EXPIRATION OF MY LEASE.

\$50,000.00 SHOE STOCK NOW ON SALE

Sale Starts Thursday October 16th 9 A.M.

In order to be ready for any emergency that may arise at the expiration of my lease, my stock must be reduced 75%

CITY NATIONAL
BANK BUYS THE
ADJOINING BLDG.

Steel Building Purchased—New Building on Both Sides.

It is announced today that after negotiations covering a considerable period of time, the City National Bank has purchased of Mrs. Louise Steel and Gordon Utley the large three-story brick building adjoining the bank building on the south and that in the near future a beautiful and substantial structure will be erected, covering the old lot and the one just acquired, and having a ground floor of 50x90 feet.

Valuable Property.

The newly acquired building, which is located on Galena avenue and next to one of the main corners in the city is regarded as very valuable real estate. It has a 25-foot frontage and is three stories high. At present the main floor store room is occupied by Henry Lebowich's shoe store.

Copied

from

Dixon

Telegraph

Aug. 16, 1919

This will enable the people of Dixon and vicinity to knock the "High" out of Old Man H. C. of L. on Shoes. A few words will explain the whole matter. I speculated heavily on a year ago market. I now face the possibility of moving my enormous stock with no suitable room available. I must reduce my stock 75 percent. The price of all these goods have advanced 80 percent since purchased. The public can buy Shoes at wholesale prices during my *Compulsory Preparation Sale*. Prices no object. 75 percent of this stock must be converted into cash before the expiration of my lease. The stock consists of all high grade Footwear.

DIXON, ILLINOIS

CHINESE BECOME SOCIAL PIONEERS

Men and Women Form Good Fellowship Club Together Under Y. W. C. A. Leadership.

The Good Fellowship Club has made its appearance in society in Hangchow, China.

It began with the desire of a progressive young Chinese doctor to give his compatriots, especially the Christians, some healthful form of social intercourse.

Channels for a good, clean, social life among Chinese people are very limited. Until recently becoming a Christian often meant cutting oneself off from one's friends and relatives, and from feast days and festivals. As for joint meetings of men and women—well, such a thing was never heard of in decent society.

The young doctor's plan of having a club where men and their wives might come together to enjoy a good time with each other was discouraged and sniffed at. However, a few people agreed to be pioneers in the cause of social intercourse, and Y. W. C. A. secretaries agreed to help make the club a success.

At first the meetings of the club were laughed at by outsiders and the whole affair considered a joke. However, the members kept on meeting, first at one house and then at another. Soon the men got over the feeling of strangeness at starting out with their wives on Tuesday evening for a friend's home. The women began to enjoy the outing and to take part in the discussions—an intelligent part, too—much to the surprise of their husbands.

The membership grew. The club's fame began to spread. At first the discussions of the club were conducted in English. Soon it became necessary for them to be carried on in Chinese so that more of the women could understand and take part. Many of the scoffers began to apply for admission. The members began indulging in much friendly chaffing and occasionally forgot their dignity to play jokes on one another. Finally it became so large that it had to be divided into two sections, which met separately three Tuesday evenings in the month and on the fourth Tuesday met together for a joint session, with a special program.

Students just returned from American and German colleges, an old Buddhist scholar who is particularly interested in the discussion on Buddhism and Christianity, merchants, railroad and government officials compose the men's side of the room. The women are still a bit shy about talking in front of so many people, but many of

them show signs of great executive ability and power of leadership. They are all well poised, clear thinking individuals, who will have a great influence on China's future. They discuss among themselves group meetings in their various churches, the lack of amusements for Chinese women, social service work, subscription lists for the orphanage, cake making, types of stoves, baby diets, the latest engagement and other topics such as one would hear discussed by a group of women gathered together any place in America.

The social part of the evening is given over to games, which at first astounded the sober Chinese gentlemen, but which they take up with great zest after the first evening. And their wives enjoy it just as greatly.

Read American pictures are the latest thing which the club has tried, and they are a great success. A Christmas play is being planned now.

ENGLISH IS COMMON TONGUE.

Chinese Girls Learn It to Talk to One Another.

Chinese women students in the Tung Fu College, Peking, China, are obliged to learn English in order to talk with one another because of the different dialects used by the student body.

Girls from the extreme western provinces of China, who attend the school, must remain in Peking during all of the eight years required for their high school and college training, because to return each summer would require six weeks for the trip one way and would cost more than a trip to America and return.

Girls from each of the western provinces speak a different language and they cannot understand one another any more than they can the girls from northern, southern, eastern or central provinces. Hence, they have adopted English as a common tongue.

NEW SCHOOL FOR CHINA.

Y. W. C. A. Secures New Site for Girls' Physical Training School.

A new home has been found for the Physical Training School which the Young Women's Christian Association has opened for native girls in Shanghai, China.

The school, while in the country, is not far distant from the National Headquarters of the Y. W. C. A. in Shanghai nor far from the local Y. W. C. A. The grounds cover eighteen "mow," which means approximately six acres, and are divided by a private road. A foreign residence already on the grounds will be used by the American teachers, while native buildings on the other side will furnish living quarters and classrooms for the 35 students.

The grounds boast a garden, tennis courts and an athletic field.

Have your sale bills printed at the B. F. Shaw Printing Co.'s job office.

CZECHO-SLOVAKS TO ATTEND CONGRESS

Two Women Delegates Will Represent Poland at International Gathering on October 23.

Two industrial women workers are on their way from Czechoslovakia and four on their way from Poland to attend the International Congress of Working Women in Washington, October 23d, according to cables received by Miss Mary Anderson, secretary of the committee on International Relationships of the National Women's Trade Union League of America, who is in charge of arrangements.

Miss Anderson has also been advised that the Telephone Operators' Association of the Argentine will send a representative to the Congress at the earliest possible moment that transportation facilities will permit. Two delegates are also en route from Belgium, and others from England, Switzerland, Japan and Italy.

How Man's Strength Fluctuates.

The strength of males increases rapidly from twelve to nineteen years, and more slowly and regularly up to thirty years, after which it declines. The strength of females increases at a more uniform rate from nine to nineteen years, more slowly to thirty, after which it falls off.

Utilizing Paper.

Although there is a great shortage of paper, it is unlikely that many of us have carried economy to the extent indicated in a letter received by a school teacher the other day. "Dear Sir," it ran, "Please excuse Tom being late, but our gas leaks, so we couldn't cook any breakfast. Please send a man to put it right. P. S.—Please let him take this note on to the plumber."

IS SHE STILL ALIVE?

For over four years a young Greek in America had not heard from his aged mother, who lived in Constantinople. Eagerly he watched the mails for a letter. Month after month he sent her money for food and clothing, but never knew whether she received it or not. Four years passed without a word from his dear old mother and he frantically grieved and despaired. Then the war ended and he hastened home on the first boat that sailed for Constantinople to find out if his mother was still alive.

The terrible strain of the war has affected nearly everyone. American fathers and mothers have suffered in silence, waiting day and night for some word from their boys far away in the army.

Thousands of foreign-born Americans have waited in vain for a letter from their father, mother, sister or brother across the sea in war-torn Europe. Grief gripped their hearts when they thought of their loved ones cold, hungry and despairing amid their ruined homes and the graves of their dead.

How could they laugh when they were sick at heart? How could they help grieving as day after day went by and no letter came. The mother, whose son was grievously wounded and at the point of death somewhere in France, could not go to her boy. She could but wait and pray for him.

With the clutch of fear at their hearts and nerves strained to the breaking point, many fathers and mothers have bravely smiled, but the strain and suspense have brought the gray hairs, lowered their vitality, exhausted their strength and undermined their health.

AMUSEMENTS

A BIG MUSICAL COMEDY.

The troupe of Hawaiian Musicians and Dancers with the super Musical Comedy, "A Honolulu Honeymoon," playing at the Dixon opera house Friday night must have their Poi. But what is Poi? is asked. It is the food best liked by the Hawaiians.

In the old days Poi was a Royal dish and only made for Kings and Queens. A regular supply of the essence of the root of the taro plant is carried by the management of "A Honolulu Honeymoon," aggregation, and once a month, the native who acts as Chef of the Hawaiian troupe prepares a feast of Poi which is the national food of the island and at that time the management allows them to gorge themselves to their hearts content.

Poi when prepared is a sticky mass eaten with the fingers and tastes very much like sour buckwheat paste.

It is said that Mr. Ned Melroy one of the owners of "A Honolulu Honeymoon" and the company's principal comedian is the only member of this big musical organization who can successfully use his fingers with the same dexterity as do the Hawaiians when they are enjoying this peculiar repast.

"A Honolulu Honeymoon" comes heralded as the big and aristocratic musical comedy of the season.

The costumes are said to be the most lavish and rich ever seen with any similar organization.

The special scenery was made after original sketches by Victor Kilanda the celebrated Hawaiian landscape artist.

The electrical effects including the eruption of the Volcano Kilaua are said to be marvelous in beauty and originality.

A stunning chorus of girls, the personification of girlish beauty both in face and form are a big feature of "A Honolulu Honeymoon."

PEOPLE'S COLUMN

AT FARMER'S INSTITUTE

Editor Telegraph—I am on the program of the Farmers' Institute to be held at Amboy next week. I am to

speak on "Poultry" on Tuesday afternoon and evening. My subject for the afternoon will be "The Big Little Thing in the World—the Laying Hen." I am sure I shall have a message for all who are interested in poultry. My own hens have yielded me about \$2 each since January 1st, and I will demonstrate with laying fowls how to select the heavy layers and how to cull out the loafers.

This is a science in poultry raising only recently discovered and fully demonstrated that it is worth more than any gold mine in the United States. I am prepared to fully explain this science and make it so plain that every man, woman and child of 12 years can readily understand it so as to cull his own hens that will lay ten to fifteen dozen or more eggs a year. I am sure it will pay all who keep poultry to go many miles to hear this address.

FULL PAGE DEATH NOTICES.

"Down in Manila they have developed a new source of revenue from advertising for newspapers, for there it is the fashion now to run a full page advertisement when a big guy dies, the family paying for it at regular rates, telling in it of the virtues of the dead man. There's some sense to that kind of a monument."

Daily Thought.

Thanks to the gods! My boy has done his duty.—Addison.

Optimistic Thought.

Social intercourse is the teacher of all things to mortals.

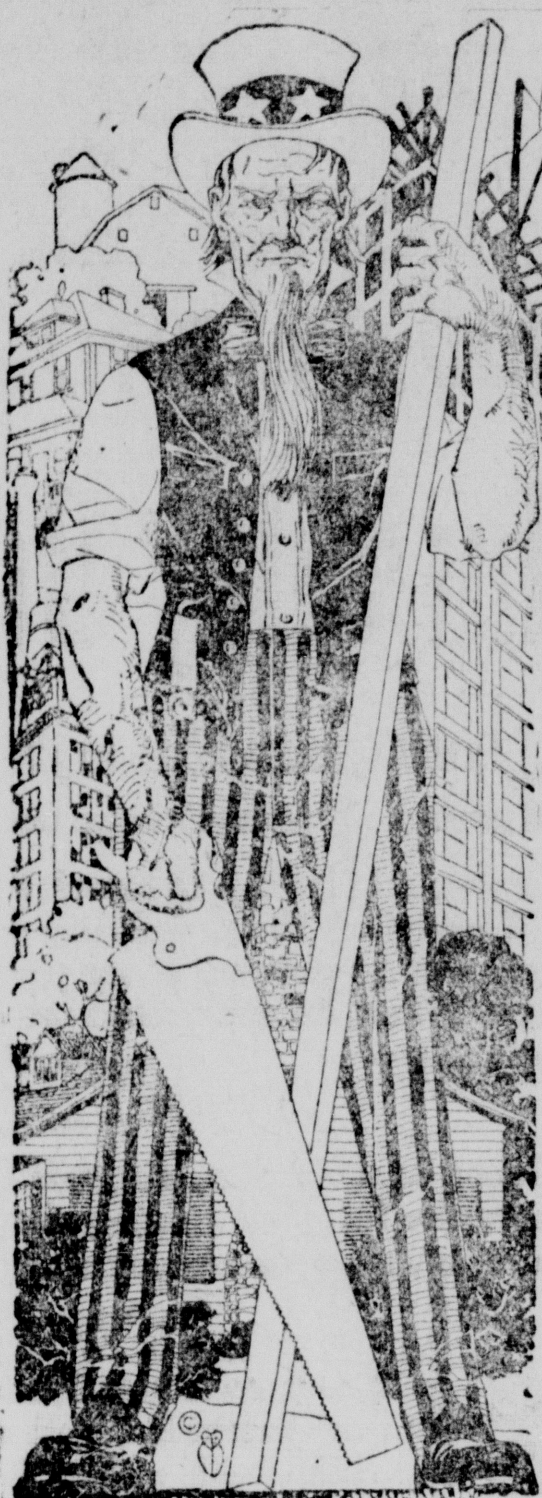

CHECK THAT COLD RIGHT AWAY

Dr. King's New Discovery has relieved colds and coughs for fifty years

It was an unusually high quality cold, cough, gripe, and croup remedy when introduced half a century ago. Not once in all the years since then has the quality been allowed to deteriorate. Its effectiveness in combating colds and coughs has been proved thousands of times in thousands of families. Taken by grownups and given to the little ones for the safe, sure treatment of colds and gripe, coughs and croup, it leaves absolutely no disagreeable after-effects. Get a bottle at your druggist's today. 60c. and \$1.20.

Bowels Act Human

—function gently but firmly without the violence of purgatives—when you treat them with Dr. King's New Life Pills. A smooth-acting laxative that gets right down to business and gratifying results. All druggists—25c. a bottle.

BUILD NOW!

Uncle Sam

"Investment in Buildings has always been considered the safest investment for the individual and his dependents."

Building is fundamental to our entire program of reconstruction and effects society as a whole.

Reconstruction must be literal as well as metaphorical; the way to bring about reconstruction is to reconstruct—Build and Build Now.

There has been some hesitation, largely due to an expected drop in prices. World-wide reports now show that prices are at as low a level as they will reach—some indications are for an advance.

You can safely take Uncle Sam's word and

BUILD NOW!

Come in and let us figure with you on your Material.

What Is Big Business?

BUSINESS, be it big or little, is production and distribution of commodities and service.

The size of a business is measured by the service it renders the public, and regardless of the capital invested, it never can become Big Business unless its output of useful service is great.

The Standard Oil Company (Indiana) is classified with big business, and it deserves to be, for from the day of its organization the goal toward which every effort has been directed has been to render a useful service to the public at large.

Originally the purpose of the Company was to manufacture and sell an illuminating oil of superior quality, but as the years have passed the Company has been able to take a wide range of other useful products from crude petroleum, and has made them available to mankind.

Today the Standard Oil Company (Indiana) is big because its job is big, and as the job expands so must this organization if it is to keep pace with the insistent and ever-increasing demands of a discriminating public, and thereby discharge completely its obligation as a public servant.

STATE CROP REPORT.

By Associated Press Leased Wire
Springfield, Ill., Oct. 13.—An average yield of only eleven bushels an acre for spring wheat with a prospective crop of 7,260,000 bushels was forecast in the Illinois crop bulletin issued here today by federal and state agricultural agencies. The quality of the grain was given as poor, based on October 1st conditions.

The yield of oats was forecast at 29 bushels an acre with a total crop of 118,000 bushels.

White potatoes will yield a crop of 9,365,000 bushels, according to the forecast.

Figures of the federal department of agricultural forecasting the prospective corn crop at 298,996,000 were accepted by the state department of agriculture.

DENY PRESIDENT IS IN A SERIOUS CONDITION NOW

(Continued from page one.)

By Associated Press Leased Wire
Washington, Oct. 13.—After another good night, President Wilson showed further signs of improvement, it was said today at the White House.

White House officials resented publication of reports that the President's condition was such that he could not attend to his official duties should matters of importance arise.

"The President could sign bills today if they were placed before him, but we are not putting them before him," one official said.

There is no reason why legislation now ready for the President's action should not be placed before him, Secretary Tumulty, said but decisions as to this rests with Rear Admiral Grayson, his personal physician. Bills now ready for executive action include the prohibition enforcement measure and the amendments to the food control act punishing profiteering and hoarding.

WEATHER AIDS RECOVERY.

By Associated Press Leased Wire
Washington, Oct. 13.—Cool weather is aiding President Wilson's recovery, it was said early today at the White House, a decided drop in temperature last night, following a day of almost continuous quiet having resulted in another restful night. The President's physicians are insistent, however, that danger of a set back in the condition can be averted only by complete rest for an indefinite period.

For several days the bulletins on Mr. Wilson's condition issued twice daily by Rear Admiral Grayson, his personal physician, have noted slight improvement or "no change." Prior to the morning bulletin today there was no indication that a more detailed statement was contemplated.

COL. HOUSE HAS PAINFUL ATTACK

By Associated Press Leased Wire
New York, Oct. 13.—Suffering from an attack of gall stones, complicated by a severe cold, Col. E. M. House, confidential adviser to President Wilson and member of the American peace delegation who arrived yesterday from France, remained in seclusion at his home today.

Col. House hoped by a week's rest to regain his health sufficiently to be able to go to Washington.

In a brief interview with newspaper men before he went to his home, Col. House was asked to comment on reports that he planned to sever his connection with diplomatic affairs. He replied:

"That all depends upon my health. I intend to serve as long as I am physically able."

Big Cities Costing Government Millions

By Associated Press Leased Wire
Washington, Oct. 13.—Government expenditures for the 27 American cities of more than 30,000 population for the fiscal year of 1918 exceeded revenues by \$48,600,930, or \$1.42 per capita according to a report of the financial statistics of cities of over 30,000 by the bureau of the census today.

The aggregate population of these 27 cities was estimated at 34,300,000, or nearly 33 per cent of the total population of the country.

Seek Italian Murder Suspect in Bureau Co.

By Associated Press Leased Wire
Peoria, Ill., Oct. 13.—Abandoning their search here, Chicago detectives on the trail of an Italian suspected of the murder in Chicago of two men, spent last night in Bureau Junction, where it was reported the suspect left a Rock Island train. Early this morning detectives Sullivan and Banton, went to Spring Valley where there is a large Italian Colony, and if unable to find any trace of the man there, planned to go on to DePue to prosecute the search.

FIRE BELL TO CALL POLICE IN FUTURE

Do not become alarmed if you hear the fire bell at the city hall ring out during any hour of the day or early evening for its ringing will not indicate that there is a big fire destroying property in some part of town, but is one of the more ancient methods of police alarm. The members of the fire department this morning were notified that hereafter when telephone calls are received asking for the police the fire bell will be rung. The police will hear the alarm and hurry to the station to answer the call. Very seldom are there any members of the police department present in their office to answer telephone calls and since the discontinuation of the office of desk sergeant, the members of the fire department have been obliged to look after this duty. Some delay in getting policemen has been experienced and the new method is being resorted to in an effort to assure more prompt attention to calls. Just how long the fire bell will ring is not stated.

STOLEN STERLING AUTO FOUND HERE

The Ford automobile stolen from the Eyre Candy Co. in Sterling last week, mention of which was made in The Telegraph at the time, was found by the Dixon police last evening and has been returned to the owner. The thieves had abandoned the machine on Dement avenue in this city.

SATURDAY'S STORM CAUSES TROUBLE ON I. N. U. HIGH TENSION

Freeport, Oct. 12.—The Illinois Northern Utilities company was hit hard by a storm that raged about Dixon and northward, starting about 2:30 o'clock Saturday morning. The transmission line carrying "juice" to Freeport and elsewhere was broken in several places, and lightning struck the sub-station at Plano, causing a fire that destroyed the building. Superintendent Fluhr, of the I. N. U., when notified of the trouble at Dixon immediately got busy with his

men and the Freeport power plant was put into use. Everything went smoothly until about 8:25 when the service was crippled for a very short time because of a defective rheostat at the local power plant. This trouble was remedied and lighting, power and car service were resumed after a very brief interruption. The lighting service was "down" but five minutes and the cars were stopped not more than 10 minutes, which is "going some" as the men at plant said.
